DETAILED ACTION

1. In response to the Amendment filed on May 26, 2005 claims 1-3 are pending.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical Amendments Act of 2002 do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000. Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

3. Claims 1-3 are rejected under 35 U.S.C. 102(e) as being anticipated by Worden (U.S. Pub. No. 2003/0149934 A1) for the reasons set forth in the prior Office action and incorporated herein.

Response to Arguments

4. Applicant's arguments with respect to claims 1-3 have been fully considered but they are not deemed to be persuasive. Applicant's arguments directed to the teaching of *Worden* does not qualify as 35 U.S.C. 102(e) prior art. It is noted that claims 1-3 are rejected under the new 35 U.S.C. 102(e) and not 35 U.S.C. 102(a) as being anticipated by Worden. Specifically, in

Art Unit: 3713

considering the Worden publication is qualified as prior art under 35 USC 102(e), the patent application publication is claimed the benefit of an international application which filed after November 29, 2000, designated the United States, and published under PDT Article 21(2) in English. Thus, the international filing date of Worden is appropriated as the U.S. filing date for prior art purpose under 35 U.S.C. 102(e). See MPEP §706.02(f)(1). Hence, applicant's argument is not deemed to be persuasive and the rejection under 35 U.S.C. §102(e) is proper and stand.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
